Technical Data

Plug Type	NEMA 5-15P
Power Type	Electric
Product Line	AvaMix Goliath
RPM	300 - 1200 RPM
Speeds	Variable
Type	Continuous Feed Processors

Notes & Details

Cut down on prep time while cutting and mixing a variety of ingredients with this AvaMix Goliath commercial food processor! With an efficient 2 hp motor and 1,500W of power, this unit operates at variable speeds from 300-1,2000 RPM and is ideal for high-volume, heavy-duty processing tasks. This unit includes a pulse button, so you can quickly and easily process food to the desired consistency. Its build includes a durable stainless steel and plastic base that will hold up to the demands of commercial operations, while its nonskid feet promote secure use. This unit comes with a continuous feed attachment with a large full moon hopper, inner chute, and discharge disc to further increase prep speed, as well as 3/8" and 1/8" slicing discs, a 1/8" grating disc, and a 3/8" dicing grid for added versatility.

The safety interlocking feature ensures the blades won't spin unless the attachments and lid are properly in place, ensuring safe use for the operator. This food processor is easy to control with simple start / stop and pulse buttons. It features an easy-to-read LED display so you can view RPM speeds at a glance. Built with versatility in mind, this unit is perfect for slicing, grating, dicing, pureeing, emulsifying, and chopping. It can be quickly disassembled, making it easy to store away when not in use. It requires a 120V connection for operation.

Kit Includes:
- AvaMix Goliath 2 hp motor base
- 1/8" slicing disc
- 3/8" slicing disc
- 1/8" grating disc
- 3/8" dicing grid
- Continuous feed attachment
- Discharge disc
