Notes & Details

Built for the great outdoors, the CaterGator CG35BLW sky blue 35 qt. mobile rotomolded outdoor cooler / ice chest keeps your food items cold for any occasion! This impressive feat is made possible with a triple-insulated design, which boasts a layer of high-density polyethylene, a layer of polyethylene and foam, and a final layer of food-grade polyethylene. Plus, the rigid, sky blue exterior and 304 stainless steel hardware provide the durability you need to keep up with your many trips and remote events. From upscale receptions to festivals and fairs, venues will be easier to work with due to this cooler's reliability and convenience.

To ensure ease of use, this cooler features a suitcase-style handle, making it comfortable to roll and transport. The exterior also includes indentations, while the rubber latches boast finger indentations for superior ergonomics. Rubber 8" diameter wheels make this cooler easy to roll, saving your employees from having to lift heavy loads. Self-stopping lid hinges help simplify access too, so you can quickly and easily retrieve ice, chilled beverages, and other products with ease.

In addition, the lid itself delivers exceptional versatility, with a 14" ruler engraved along its edge and 2 built-in cup holders. Two bottle openers are also included, which function as metal-reinforced padlock slots when you want extra security. After use, this cooler is easy to wash thanks to a built-in drain plug, and because it is attached with a chain, it won't be misplaced on the job. Wherever the party and whatever the menu, this cooler / ice chest provides the holding power, durability, and convenience that you need and want. Keep guests well-fed and properly hydrated with the CaterGator!
