

LABELING SOLUTIONS

Iconex® 2in1 Bag and Beverage Seals

Assure customers their food orders have been untouched

Iconex 2in1 Bag and Beverage Seals provide quality protection for safe food delivery.

Iconex 2in1 Bag and Beverage Seals are a universal solution that provides additional sealing, secured protection, and quality assurance for pick-up, delivery, and on-the-go food packaging. Our combined bag and beverage seals are writeable and feature visible evidence if the label has been removed or repositioned. Permanent, aggressive adhesive ensures labels stick to a wide range of bag and beverage packaging, including kraft paper products, plastic, and styrofoam.

Delivers visual quality assurance

- Vibrant, permanent seals secure packaging and alert customers of order tampering.

Streamlines delivery order prep

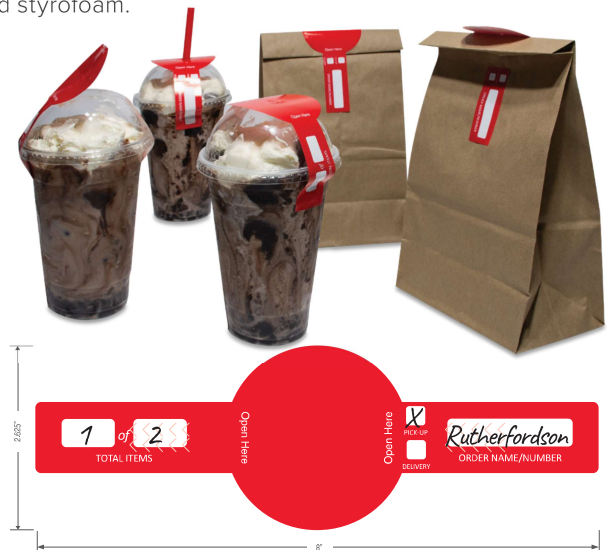

- Combines two labels into one for universal bag and beverage sealing.

Protects against food contamination

- Patented non-adhesive zone is food contact safe for open dome lids.

Enhances customer experience

- Integrated straw hole die-cut design with optional breakaway speeds order enjoyment.
