

ESSENTIAL CARE SOLUTIONS

Ensure your restrooms meet current legal requirements for providing unrestricted access to menstrual-care products in public restrooms. This legislation is especially helpful for public schools where class time is missed when no readily available period products are on hand. Bradley's [Essential Care line](#) of free vend tampon/napkin dispensers can help you meet these requirements with easy to use, reliable products.

Empowering Convenience

States are passing laws related to easing access to menstrual supplies in public restrooms. At least 30 states in the US have passed bills relating to this issue — including [25 specifically for public schools](#). Large school districts like Chicago Public Schools have already made an investment in these empowering products for their students. In Canada new legislation passed in Dec 2023 has made it mandatory for all federally regulated workplaces to begin providing free menstrual products too.

Make sure your public restrooms are in compliance with [current legislation](#) ensuring free access to menstrual care products. Bradley's Essential Care line of free vend tampon/napkin dispensers can help you meet these requirements with a variety of models and styles. Add the convenience of easy to use, reliable Essential Care dispensers to your commercial washrooms.

Importance of Convenience

Emergency Situations

Essential Care free vend tampon/napkin dispensers provide easy convenient access to menstrual care products for those who may unexpectedly need them while away from home.

Reducing Stigma and Shame

Some may feel embarrassed or ashamed to have to ask for period products when they need them, especially in a public environment.

Access is Better for Students

84% of students in the US have missed class time or know someone who has because they don't have convenient reliable access to period products.
