

NOVUS PLASTIC CLEAN AND SHINE #1

Gently cleans all plastics without scratching. Leaves a lustrous shine that resists fogging, repels dust, and eliminates static.

- Resists finger marking
 - Contains no abrasives or harsh chemicals
 - Leaves a smooth, clean, greaseless shine
-
1. If the surface is extremely dirty, apply NOVUS No. 1 liberally and wipe using long, sweeping strokes. Do not use pressure at this time or large dirt particles may scratch the plastic.
 2. Re-apply NOVUS No. 1. Polish using short, circular strokes with a clean portion of the cloth.
 3. When surface is thoroughly clean and uniformly covered, buff to a slippery glaze with a clean portion of the cloth. Surfaces buffed to a high glaze are more resistant to dust and future scratching.
 4. Reapply NOVUS No. 1 regularly to maintain the antistatic, smudge and scratch resistant properties.
