## HOW TO USE THE SELF-RETRACTING SAFETY KNIFE

The thumb pushes the button forward & the blade is ready to cut.

While cutting, the thumb is released. The blade remains engaged & continues to cut, held in place by the box's friction.

The blade retracts automatically when the knife extends beyond the box, reducing injuries.

Since 1935, ALLWAY® is the undisputed leader in technological innovation, high quality and value-added products in the home improvement industry. While specializing in paint sundries, ALLWAY® has expanded to include tools for drywall, wallcovering, ceramic tile, masonry, flooring, cutting and cleaning.
