

# PORTABLE HAND SINK ASSEMBLY INSTRUCTIONS

## OPERATING INSTRUCTIONS

Tools Required: Phillips head screwdriver or drill

- 1** **Mounting the soap dispenser:** Mount the dispenser as close to the top-left side of the unit as possible using the adhesive on the back of the dispenser. For added support, fasten with additional screws (sold separately).
- 2** **Mounting the paper towel dispenser:** Mount the dispenser as close to the top-right side of the unit as possible using the included hardware.
- 3** **Fill with Fresh Water:** Unscrew cap to right of basin and fill. Replace cap when finished.
- 4** **Emptying Fresh Water:** Unscrew cap to right of basin and lay unit on its side. Water will flow from the opening.
- 5** **Emptying Gray Water:** Unscrew cap from the bottom of the unit, water will flow from opening.
