MEET THE OWNER & DESIGNER

DANNY GOODALL

Danny grew up in Stoke-on-Trent — the heart of England’s pottery tradition — where a legacy of ceramics instilled in him a deep respect for craftsmanship. Trips to NYC later sparked his vision for something bold and modern.

Today, Danny’s designs, made from recycled clay, balance traditional artistry with contemporary form. With darker tones and unconventional shapes, his work offers chefs a striking canvas to plate their creations — embodying Klay’s distinctive spirit.
