Make the Perfect Mocha

Introducing Dona X Raaka Chocolate Sauce. Transparently sourced, single-origin cacao brewed in house in small batches to make a brand new chocolate sauce. Made in collaboration with Raaka Chocolate, using cacao from Uganda. The same quality we're both known for—just real ingredients, no flavors or extracts.

Complex, fruity, smooth. The single-origin cacao featured in our chocolate sauce is from the Bundibugyo District in Western Uganda. This collective is dedicated to creating sustainable long-term work for their local communities and connecting them to craft chocolate makers.
