

# Keep Patient and Resident Hydration in Check

These classic diamond point design tumblers offer the clear look of glass without the associated risks of glass. These tumblers feature 2 ounce increments from the top down for convenient recording of patient and resident fluid intake to reduce the risk of dehydration.

- Easy to clean internal stacking ring promotes stable and space-efficient storage.
- Prevent spills with tight-fitting disposable CamLids®.
- Made with high impact SAN material.
- Personalization available.
