

9900R Premium 2-Pocket Bank-Grade Mixed Denomination Money Counter

- Versatile and Accurate:** The Cassida 9900R USA Premium Bank-Grade Money Counter Machine is capable of counting both value and number of bills, sorting by Denomination, Face, and Orientation, and handling mixed denominations and currencies with precision.
- Advanced Counterfeit Detection:** With multi-sensor (UV, MG, IR, 2CIS) counterfeit detection, this machine ensures the authenticity of every bill counted and records the serial number of each bill, providing a high level of security.
- Support more than 100 currencies**
 - USD, CAD, MXN, EUR, GBP, BRL, ARS (Pre-installed)
- 2 Pockets** (Continuous Counting and Sorting with the Reject Pocket)
- User-Friendly Design:** The machine's intuitive touch control panel with a TFT touch display makes it easy to navigate between counting modes and functions, providing a seamless user experience.
