

# ON-DEMAND GRINDER

236ECEGOD

Estella Caffè equips businesses with the convenience and quality of high-end coffee equipment at a fraction of the cost of other brands. This grinder combines the ease of intuitive technology with the performance of an experienced barista.

**Grind up to 2.65 lb. of espresso beans in just 2 minutes**

## EASY OPERATION

Simply place a portafilter underneath and push a button to grind the perfect amount of ground espresso directly into the portafilter head. Grind up to 2.65 lb. of espresso beans in just two minutes.

## FRESH GROUNDS

Because this unit only grinds the amount of beans you need at any given time, you can be sure the grounds are always fresh for top-quality flavor.

## PRECISION GRIND

This model has 8 precision grind settings, so you have complete control over the intensity of your espresso shots. Simply turn the adjustment handle and lock it into place with the set screw to designate your preferred coarseness. Plus, the 64mm burrs feature a steady lock to provide consistent results no matter what setting you use.

## STABLE OPERATION

The heavy-duty aluminum base is sturdy and strong and has no problem keeping the unit stable during operation.

## QUICK ACCESS TO PRODUCT LITERATURE

For ease of use, a scannable QR code is located on the unit. This allows users to access relevant manuals, spec sheets, videos, and more online.

## REDUCED NOISE

This grinder operates more quietly than competitors to reduce ambient noise in your coffee shop, restaurant, or cafe.

## PORTAFILTER HOLDER

This unit features a convenient portafilter holder that holds the portafilter while the grounds are being added so that your staff can start the process and then focus on other tasks until grinding is complete.
