Continental®
Refrigerator

INNOVATIVE DESIGNS FOR YOUR FOODSERVICE NEEDS

FLEXIBILITY

Modifications Made Easy.

At Continental Refrigerator, we know the foodservice industry is an ever-changing environment. We are reminded of this every day through feedback from our customers, both directly and through our network of representatives. In fact, customer feedback has often lead to our custom engineering modifications becoming standard product features.

For this reason, we pride ourselves in delivering feature-rich refrigeration equipment solutions designed specifically for the commercial foodservice market. Whether it's kitchen ambient, food safety, limited space or storage challenges, our products are packed with flexible options that provide **real** operator benefits out of the box. This flexibility, a key differentiator of our products, enables our customers to modify base product features strategic to the way they operate their kitchen or bar environment.

Shown: DLRA68-SS-F

Standard Model

Condensing Unit on Left

16-Guage Stainless Steel Overshelves (single or double)

Consult factory for other modifications

Fish Files

Standard Features

Performance-rated refrigeration system

Environmentally-safe R-134a refrigerant

Automatic, energy-saving, non-electric condensate evaporator

Non-corrosive, plasticized fin evaporator coil

One piece magnetic snap-in door gaskets

Easy glide drawers w/ heavy duty drawer track

Floor drain

Electronic controller w/ digital display & hi-low alarm

Adjustable 6" stainless steel legs

Uprights

3" non-CFC polyurethane foam insulation

Anti-sweat drawer heaters

Heavy-duty die cast flow line handles

Base Models

2" non-CFC polyurethane foam insulation

Easy serviceable, slide-out condensing unit

Spring loaded, self-closing door (over compressor)

Expansion valve for quick recovery

Built-in, off-cycle defrost timer

Refrigerated section w/ door above the condensing unit

FLEXIBLE Options

Condensing unit left or right (Bases)

Drawer locks

Door locks (Bases)

Overshelves (Bases)

Stainless steel back

Casters

Expansion valve system (Uprights)

Automatic, electric condensate evaporator

Front breathing

Drawer in lieu of half door above the condensing unit (Bases)
