

Powder Coated

TOILET PARTITIONS

Low Cost and High Performance - The Best Industry Value

FAST, RELIABLE LEAD TIMES

With lightning fast lead times, Hadrian's powder coated toilet partitions are available to meet any deadline. Fast, on time deliveries and 98% damage-free shipments ensure that your toilet partitions are there when you need them.

ENVIRONMENTALLY FRIENDLY

Hadrian's powder coated toilet partitions have an excellent **recycled content of 50% (36% post-consumer and 14% pre-consumer)**, making them a great choice for environmentally sensitive projects.

Hadrian is proud of the fact that its powder coating system is environmentally friendly. There is virtually no waste, energy consumption is low, and there are no solvent emissions.

INDUSTRY-BEST FIRE RESISTANCE

Hadrian's powder coated toilet partitions are completely fireproof and will not give off toxic smoke if exposed to heat or flame. With a CLASS A fire rating, no other product performs better.

DURABLE AND REPAIRABLE

Unlike other materials, powder coated toilet partitions can be successfully repaired should vandalism occur.

Styles

Headrail braced compartments are a great choice for virtually any facility. These units are especially recommended in heavy-use areas such as schools, institutions and industrial settings. The anti-grip top rail deters boisterous activity while ensuring a rigid and secure installation.

CEILING HUNG

Ceiling hung units present a clean, contemporary appearance. They permit quick, easy floor maintenance, especially when combined with wall-hung fixtures. Ceiling hung partitions are recommended for modernization where a drop ceiling or open span construction can be used.

FLOOR MOUNTED

The clean lines of floor mounted units lend an air of spaciousness to these installations. The absence of top structure makes them the ideal choice for high ceiling areas and allows a wide range of complementary architectural and interior decoration possibilities.

FLOOR TO CEILING

Floor to ceiling units are extremely strong and resistant to abuse as they are securely connected to the floor, ceiling and walls. This configuration is ideal for high abuse areas and installations that require extra durability.

STANDARD SERIES

Hadrian's standard series features 58" (1473mm) high doors and panels, which are mounted 12" (305mm) off the finished floor.

Available in headrail braced, ceiling hung, floor mounted and floor to ceiling styles.

ELITE SERIES

Hadrian's Elite Series offers increased privacy with 64" (1626mm) high doors and panels, mounted just 6" (152mm) or 9" (229mm) from the finished floor. Continuous channels eliminate all sightline gaps.

Available in headrail braced, ceiling hung, floor mounted and floor to ceiling styles.

ELITE PLUS SYSTEM

Taking the Elite concept a step further, Hadrian's Elite Plus System affords maximum privacy with 72" (1829mm) high doors and panels, mounted just 6" (152mm) or 9" (229mm) from the finished floor. Continuous channels eliminate all sightline gaps.

Available in headrail braced, ceiling hung and floor to ceiling styles.

ELITE MAX SYSTEM

Elite Max offers maximum privacy with up to 92" (2337mm) high doors and panels – available in 1" (25mm)increments between 73" (1854mm) and 92" (2337mm), and mounted 4" (102mm), 6" (152mm) or 9" (229mm) from the floor. Indicator latches come standard and optional pedestal mounting is available for easy cleaning and an upscale appearance. Continuous channels eliminate all sightline gaps.

This simple and economical design features a 48" (1219mm) high screen that meets IPC requirements and permits easy maintenance and floor cleaning.

FLOOR MOUNTED

Features a 58" (1473mm) high screen and floor mounted pilaster for extra support.

Features

FULL HONEYCOMB CORE

Doors, panels and pilasters are structurally reinforced with 1" (25.4mm) cell honeycomb bonded from top to bottom and edge to edge throughout their entire core. The honeycomb reinforcement enhances strength, sound absorption, and overall impact resistance.

CLEAN, ATTRACTIVE CORNERS - MITRED, WELDED AND GROUND SMOOTH

Hadrian's "trademark" corners are unmatched for their clean, attractive appearance. The superior strength of Hadrian's full corner weld offers a hygienic seal and prevents parts from loosening and detaching.

BARRIER-FREE LEVER LATCH

Hadrian's exclusive thumbturn lever conforms to American Disability Act and Canadian barrier-free requirements. It can be activated with a short, easy movement and without finger-grip application.

SAFETY RELEASE LATCH

Both standard and barrier-free latch designs allow access from the exterior in case of emergency. The design is minimal for appearance, easy cleaning, and resistance to vandalism. The "Hadrian" name assists maintenance staff in locating the source for replacement parts.

METAL HINGE PIN WITH NYLON SLEEVE

The metal core of Hadrian's upper hinge pin provides sturdy support while the self-lubricating nylon sleeve ensures smooth, quiet operation. The threaded pin can be easily removed and reinserted if necessary.

REINFORCED HEADRAIL BRACED PILASTER TOPS

An added 20-gauge channel creates extra strength and twist-free rigidity to minimize the possibility of damage by handling
