

BEVERAGE-AIR

3-IN-1 DRAFT SOLUTIONS

**Dispense THREE distinct beverages
using the SAME TAP!**

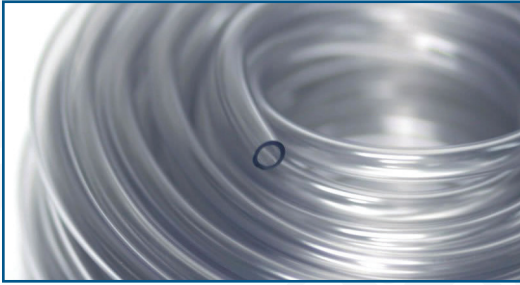

No line or manifold changes needed!

Now standard on all Beverage-Air Direct Draw units, our 3-in-1 Draft Solution allows you to use the same tap to serve three different beverages, such as wine, beer, coffee, and other non-alcoholic beverages.

888-845-9800 beverage-air.com

The 3-in-1 Draft Solution is powered by Food & Beverage PVC-Free Flexible Tubing with Silver Antimicrobial Lining

Tubing is constructed of a unique compound that provides for an excellent alternative to PVC. The silver lining is 100% effective against the top-4 beverage spoiling bacteria up to 2,000 liters flow.

Advantages to this unique tubing are:

- **Antimicrobial - 100% effective against top 4 beverage spoiling bacteria**
- **PVC Free and BPA Free - contains no DEHP, phthalates or other plasticizers**
- **Environmental friendly production does not emit dioxins**
- **Extremely low extractables and extremely low leachables**
- **High flexibility**
- **Remains flexible at lower temps**
- **Ultra-low permeability**
- **Barrier properties for use with beer, wine, coffee, and general beverage**
- **Made in USA**
