

FRECKLES

Freckles are beautiful and unique, just like the Freckle collection it inspired. The stoneware appeal of this collection makes it a perfect choice for modern cafes, as it perfectly complements the cafe aesthetically. The warm brown tones of the Freckle collection can elevate the presentation and plating of food, giving diners a magnificent experience. The freckles are represented in the design of this collection, with spots on the edges to resemble them.

The versatility of this collection is immaculate, as it's suitable for plating a variety of cuisines and dishes. For a unique and complete setup, you can club the freckle collection with the Jaguar collection and create a franken-collection that combines the boldness and subtleties of both.
