

Biometric Keypad Safes

Get protection as unique as your fingerprint. The Biometric Keypad Safe allows you to register up to 30 different fingerprints as well as a pin code combination for quick, reliable entry. In the event that someone needs access to the contents of the safe when you are not around the numeric keypad is an option for access to the safe. Programmable sound option for silent mode. With multiple independent ways to enter the safe, fingerprint, key code and back up key access you can feel confident that only approved users can gain access to the safe and its contents. Backed by Barska's One Year Limited Warranty.

Series Features

- Fingerprint Memory Can Store Up To 120 Users
- Retains One Pin Code
