Hold

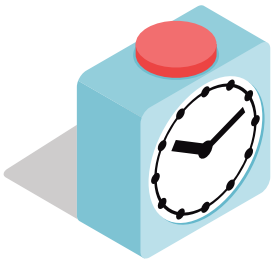
Hold food longer at food safe temperatures.



Average catering event lasts: ***6 hours***

Food held in the danger zone must be thrown out after ***4 hours***

80% of caterers focus on ***off-site catering***

The average size of a catering event is ***100-250 people***

"I love your Cateraide IT food pan carriers because they hold 6 shallow pans whereas comparable carriers hold only 5 shallow pans. In a tiny business like mine, every little advantage helps! These carriers are also great because one person can easily lift and stack them!"

– Alice Johnson
Alice's Chocolates

Cateraide™ IT Series

Cateraide™ IT Series

Stays Hot or Cold Longer

IT Cateraides are manufactured to provide superior food quality and safety. Designed for the professional, Cateraides feature commercial foam insulation, reinforced corners and one-handed adjustable latches. The detailed design continues with recessed hinges that stay out of the way and are less likely to catch and break. Transporting is easier with multiple comfort-grip handles and secure stacking of units. Let Cateraide IT keep your food safe and secure.

Visit page 22 for full product listings.

6+ Hour Hold Time
Commercial foam insulation provides best hold time

NO Gaskets
Molded-in seal ensures easy cleaning and tight temperature retaining doors

On Display
Designed to look good in any catering set up

Cateraide™ LD Series

Right Temperature. No Leaks.

LD Beverage Servers are made of rugged, stain and scratch-resistant polyethylene. Extra thick foam insulation ensures maximum temperature retention. The Nylex II™ latches are mounted into steel reinforcement plates for long life. LD's dripless faucet is conveniently located 4" from the bottom of the server to ensure plenty of space for cups and glasses. Use the easy-grip, formed handles for effortless transport. LD Cateraides have a compact, space-saving design, are NSF Listed and BPA free.

Visit page 22 for full product listings.

Hold Time

Lid design prevents leaks and provides a secure seal for up to 6 hours

Spring Action Faucet

Prevents drips and leaks

Perfect for a Juice Bar

Compact design allows use of multiple cateraides in small spaces

Cateraide™ PC Series

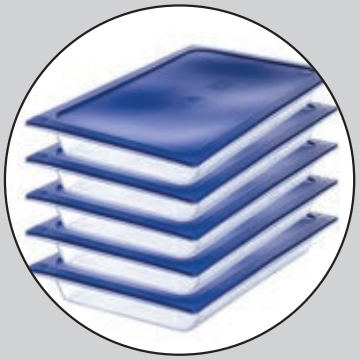
Versatile and Economical

PC Series Cateraides include both end loaders and top loaders. They are insulated to maintain correct serving temperatures with separate slots for each food pan. The PC300N holds eight combinations of 6-inch, 4-inch, and 2.5-inch deep food pans. The PC600N (double stack) features twice the capacity and separate compartments which can be used for hot or cold food. The PC188N top loader will hold an 8-inch deep food pan and accommodates all third, half, and full-size food pans. Our PC top loaders feature an exclusive automatic self-venting system, preventing unsanitary vent openings and lost vent caps. All Cateraides are made in the USA.

Visit page 22 for full product listings.

4 - 6 Hour Hold Time

Foam insulated to maintain correct serving temperatures



Maximum Storage

Holds five 2.5" food pans

High Volume Catering

Economical price with a long lasting durability to withstand the wear and tear of multiple daily events

Cateraide™ XT Series

Easy to Stack and Securely Sealed

XT Beverage Servers are made of rugged, stain and scratch-resistant polyethylene and filled with extra thick foam insulation. Servers feature the Nylex II™ latch mounted into steel reinforcement plates for extended life. The dripless faucet is 4" from the server base, ensuring space for cups and glasses. Use the easy-grip, formed handles for transporting XT Cateraides. Great compact size saves counter space. Stacks with standard Cateraides or other major competitors.
NSF Listed and BPA free.

Visit page 22 for full product listings.

Wide latch

Durable Nylex II™ latches are three times larger than competitors for a secure seal and 4 to 6 hour hold time

Stacking Versatility

Stacks with standard Cateraides and all major competitors

Create a Handwashing Station

Not just for serving beverages, utilize the compact size to create a hand washing station at any high attendance event

Cateraide™ Slide 'N Seal

Slide, Seal, Deliver

Our patented* Slide 'N Seal™ design is combined with Carlisle's thick insulation to hold temperatures for 4 to 6 hours. Slide 'N Seal carriers have self-venting, sliding doors and lids with no metal parts, latches, hinges or gaskets to clean, break or wear-out. A beverage server is also offered in our Slide 'N Seal line. Our patented unique lid seal provides leak-proof transport. These items have a sleek contemporary appearance and are ergonomically designed for easy loading, handling, stacking and storing. Items include a molded-in tag slot to seal and tag carrier for safety and food identification. All Slide 'N Seal products are NSF Listed.

Visit page 22 for full product listings.

4-6 Hour Hold Time

Commercial foam insulation to provide best hold time

NO latches, hinges or gaskets

Avoid all of the typical parts that break, wear out and require cleaning

Perfect for Correctional Facilities

Slide 'N Seal carriers have NO metal parts for ideal use in prisons and correctional facilities

Transport

Move food and equipment with convenience and ease

Move supplies ***Faster***

Save ***Time & Money*** with efficient & long lasting carts.

"We use Fold 'N Go Carts within our kitchen & cafe and to deliver items to other departments or meeting rooms for catered meetings. Of course space is a premium, so we often fold them when not in use."

– Amy Miller
Sauk Prairie Healthcare

Fold 'N Go® Cart

Cateraide™ Dolly

Cateraide Dollies

Move Heavy Carriers with Ease

Cateraide™ dollies with their 4" heavy-duty, non-marking swivel casters offer omni-directional movement and easy rolling easily even on carpeted floors. Dollies are available with or without handles, are NSF Listed and BPA free. Aluminum dollies are made of sturdy, lightweight, aluminum and include plastic coated corner bumpers to protect against marring furnishings. A universal dolly is also available and can move up to six fully loaded Cateraides™ with ease. The unique pattern of recesses in the base enables the dolly to accommodate most Cateraide food and beverage servers.

Visit page 23 for full product listings.

Universal Dolly

Compatible with most Cateraides and can hold up to 6 fully loaded carriers

Durable Casters

4" heavy-duty, quiet and non-marking ball bearing swivel casters provide omni-directional movement

Compatible with Carpeted Floors

Omni-directional casters allow dollies to roll easily on carpeted floors

Fold ’N Go® Carts

Undeniable Value

Our unique combination of space saving design, load capacity, and long-lasting durability provide superior value and make Fold ’N Go the transport cart every foodservice operation needs. Perfect for full kitchens, hallways or off-site catering; Fold ’N Go Carts support 350 pounds and fold up in a single, quick and easy motion. The cart ships fully assembled making ownership a joy from the very beginning.

The unique combination of a space saving design, load capacity, and long-lasting durability provide superior value

There are no tools or complicated latches required for assembly

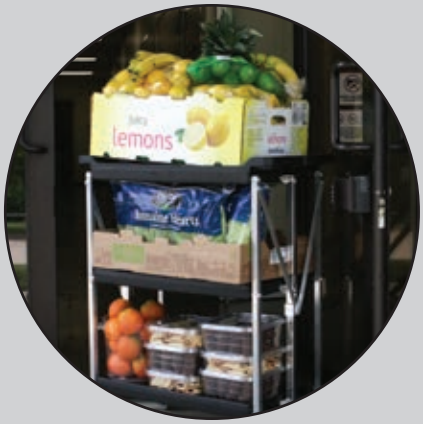
Visit page 23 for full product listings.

Ergonomically shaped, easy grip handles at both ends for a fast, secure grip

4" heavy-duty, non-marking swivel casters have molded-in metal reinforcement plates and are permanently staked to 3/4" solid aluminum legs

Easy Store

Folds up to put behind doors, between counters or in small spaces



Big Support

Solid legs and sturdy shelves hold up to 350 pounds

Multipurpose

Fold down, tuck away and always available

Utility Carts

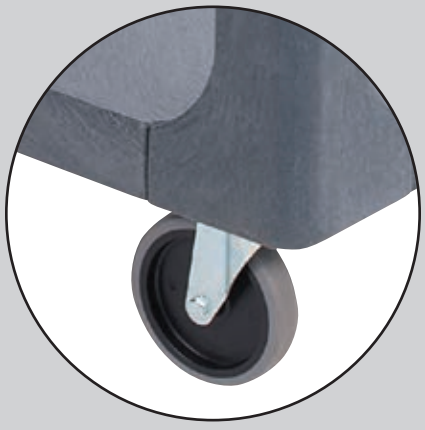
Sturdy and Strong

Carlisle Utility Carts are the perfect size for transporting large or heavy items. Each cart is made of easy care structural polypropylene foam with a sturdy molded-in handle, parts tray, and cord wrap. The durable, chemical-resistant polypropylene construction will not rust, dent, chip or peel. Flat top utility carts make a convenient work surface. Carts feature a convenient knockdown design and easy assembly. Maximize with a 500 lb load capacity and heavy-duty 5" non-marking casters (2 fixed, 2 swivel). Bin top utility carts reduce the potential for items to fall off during transport.

Visit page 23 for full product listings.

500 lb Capacity

Excellent for transporting large and extremely heavy loads



Heavy Duty Casters

5" standard non-marking casters (2 fixed and 2 swivel)

Designed to Work

Load it up with heavy food and equipment for less trips back and forth from the dock

Stainless Steel Utility Cart

The Most Durable Stainless Cart

Carlisle stainless steel carts are constructed of heavy gauge stainless steel for superior strength and durability. Our tig welded process provides added durability where no other competitive cart can. Tig welded carts withstand more stress and last longer than spot welded metal carts. Non-marking, soft rubber bumpers prevent scratches and scuffs on walls. Available in 4 weight capacities, including a knock-down version. Knock-down carts provide an economical solution for transport needs.

Visit page 23 for full product listings.

Top of the Line Construction

The only tig welded cart on the market for added strength and ability to withstand more stress

Multiple Weight Capacities

Durable stainless steel carts available in 300, 400, 500 and 700 lb capacities

Clean for Prepping

Sleek style offers both an attractive look and easy to clean design

Prep
