

INDUSTRIAL

# CLR PRO MAX™ DESCALER

Quickly dissolves scale, rust, and more in industrial equipment and drains.

- Helps quickly restore equipment to peak condition.
- Dissolves & eliminates buildup like calcium, lime, rust, struvite, magnesium, and more in industrial equipment and drains.
- Helps to increase operational efficiency & prolong lifespan of machinery.
- Non-flammable, odor-free formula helps ensure a safer working environment.

## COMMON USES:

Use for heavy buildup in: Heat Exchangers, Evaporators, Cooling Towers, Boilers, Ball Mill Rollers, Pipes built with Struvite, any place where scale build up occurs.

## RECOMMENDED DILUTIONS:

### *Some visible scale:*

1 Part CLR PRO MAX: 5 Parts Water

### *Medium levels of scale:*

1 Part CLR PRO MAX: 3 Parts Water

### *Heavy scale build up:*

1 Part CLR PRO MAX: 1 Part Water

See label for directions

NEW

## USE ON THESE TYPES OF PIPES:

COPPER

PVC

STEEL

PLASTIC

CAST IRON

| Size     | Stock #          |
