Catalyst™ encompasses 6 complete high-volume dinnerware collections with over 70 stylish and multi-functional pieces.

Quality

Catalyst™ is made from our proprietary recipe of uniquely strong, high-temperature commercial grade porcelain with significant durability enhancements and fortifications beyond even our superwhite collections.

Highest Quality Glaze

Our superior glazes will not fade, stain or scratch with normal commercial use.

High Temperature Firing

FOH® Porcelain is double fired in excess of 2,500°F by master technicians.

Durable & Strong

Catalyst™ is up to 3x stronger; ready to take on the rigors of high-volume use. Additionally, all corners & edges are engineered & reinforced to ensure our porcelain is chip-resistant and a wise investment.

Stackability

Perfectly consistent sizes & shapes make for perfect stackability and easy storage.

All shapes and sizes of our Superwhite porcelain, Spiral® Ink collections, and Catalyst™ collections.

Look for the "PC" Label! These labels indicate the 49 different plates and bowls that assemble with our plate covers.

catalyst™ rim

A generous, circular, border defines your plating surface with a strong personality, and the refined thin edge is elegantly minimalistic but with durability you can trust.

Choose from Classic, Facet™, and Focus™ collections; or select your favorites from each to create your own look.
