

Eco-Takeouts®

A single Eco-Takeouts® container replaces 1,000 disposable ones, saving you significant money and waste. Ask us for a custom savings quote and we'll tell you exactly how much you can expect to save over disposables during the first three years of ownership.

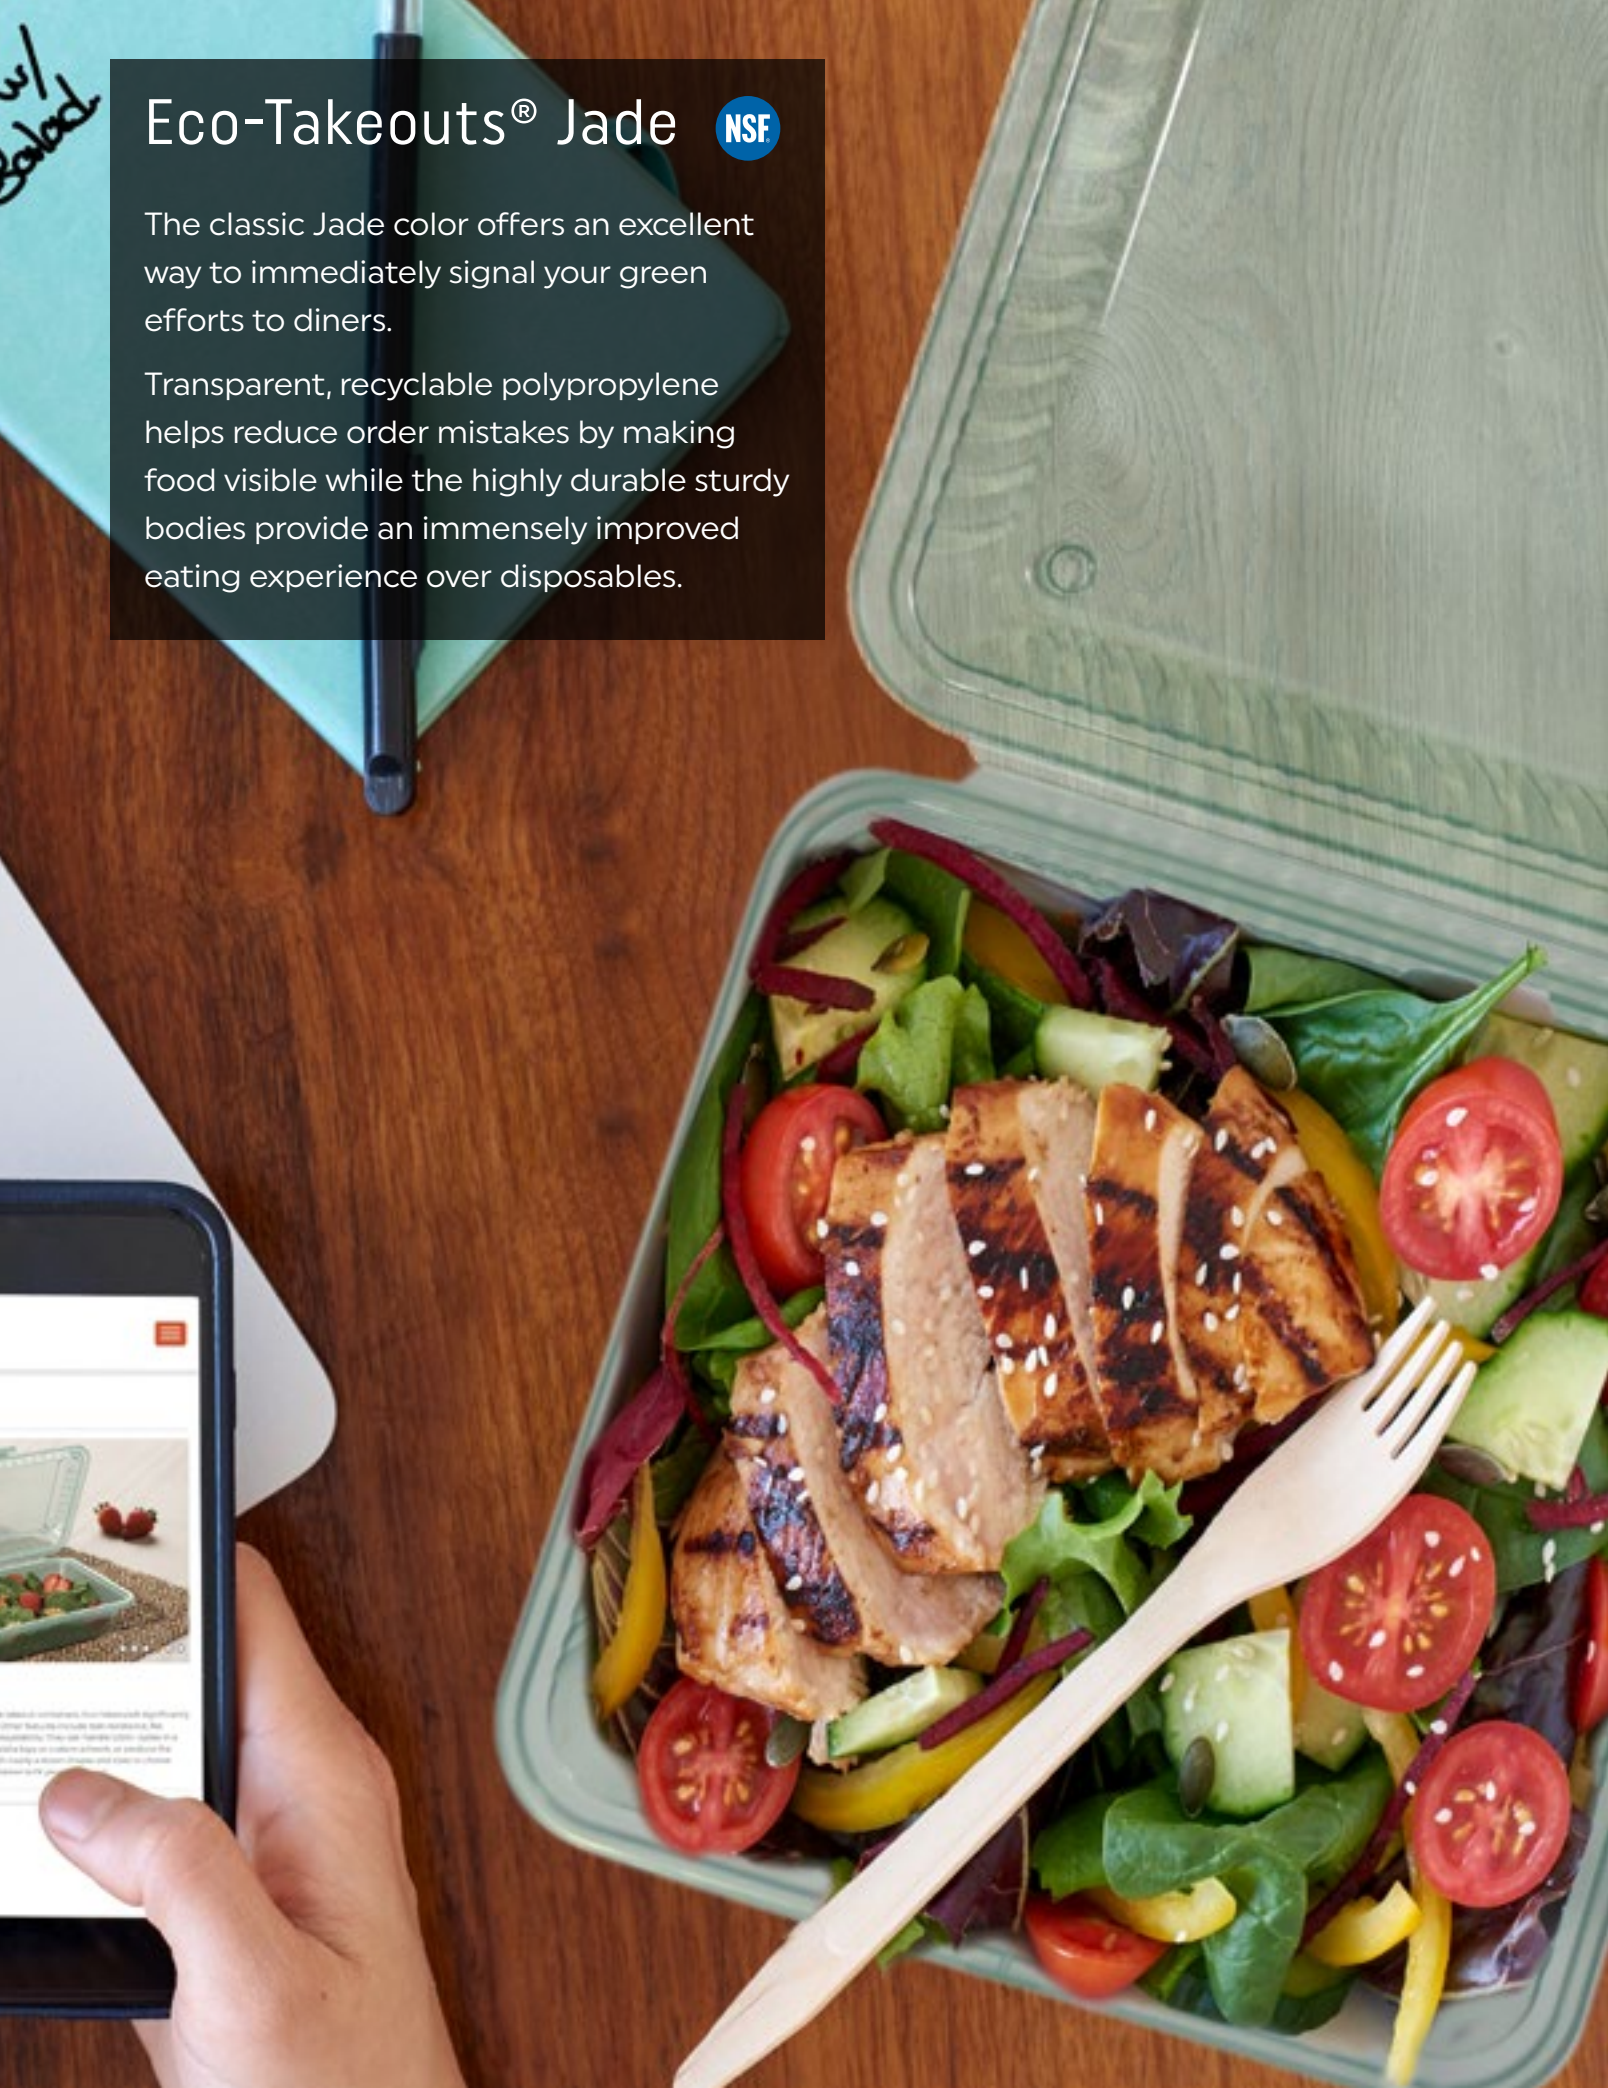

Fully customizable, extremely durable and microwavable in 1-minute pulses, the comprehensive Eco-Takeouts® line accommodates a huge variety of menu items in a simple closed loop system.

Colleges and universities, business and industry, restaurants, delivery services, hospitals and senior living communities have all embraced the savings and improved dining experience only Eco-Takeouts® can offer.

Eco-Takeouts® Jade

The classic Jade color offers an excellent way to immediately signal your green efforts to diners.

Transparent, recyclable polypropylene helps reduce order mistakes by making food visible while the highly durable sturdy bodies provide an immensely improved eating experience over disposables.

Eco-Takeouts® Hot & Cold Cup

The first beverage option created specifically for the Eco-Takeouts® program not only offers a better experience, it improves safety, too:

- Sturdy lid seal
- No clumsy sleeves needed for hot drinks
- Safely microwavable in :30 pulses
- Customizable

Benefits

- Significant reduction in spending and waste when compared to disposable options, helping you save money and meet sustainability goals
- The operational ease of serving either a hot or cold drink in the same cup
- An equal or better guest experience compared to disposables

Features

- Commercial dishwasher safe
- Microwavable in :30 second pulses
- Can withstand 32°F to 200°F
- Double-walled for excellent temperature retention, hot or cold
- Ergonomic drinking spout with large aperture for straws and foamy drinks
- Lid has leak-proof seal
- Keep cups upright when filled with beverages, the drinking spout is uncovered
- Replacement lids and gaskets available
- Recyclable #5 plastic
- BPA-free
- Customizable
