The Eccotemp L10 Portable Propane Tankless Water Heater is the original and best-selling portable water heater on the market today. You get instant, endless hot water wherever you are. The L10 is perfect for campsites, cabins or simply around the house.

The L10 makes daily tasks like washing your car or boat, taking a hot shower, or even washing your pets or horses much easier with an easy to carry, lightweight, and compact design. This model includes an electronic ignition powered by 2 "D" cell batteries making it great for off grid or any location where electricity is not readily available.

Make the L10 even more convenient and pair it with the EccoFlo 12v water pump, allowing you to have hot water in the most remote locations!
