# **WASTEWATER SOLUTIONS**

---

It takes hard work to become a master at your craft, and your customers look to you to deliver. When it comes to handling wastewater, Little Giant pumps get the job done, delivering proven reliability for water professionals and homeowners alike.

Need help selecting a wastewater pump? Get started with our featured solutions for your applications.

# 80 YEARS OF SOLVING PUMPING CHALLENGES

You don't run without teamwork — and neither do we. Our goal is to build reliable, trustworthy products and back them with the people, resources and support you need to get your job done and keep your business flowing. We're here for you, every step of the way.

## TESTED IN OUR LAB; PROVEN IN YOURS

**Every Little Giant Sump, Sewage, Effluent, Utility, and Grinder Pump is wet-tested before it leaves the factory.**

And every pump has been engineered for long-term performance, dependability, and reliability. Investing these extra time and resources is an essential step in providing quality products you can count on. Since 1964, we've tested every single pump in water to confirm everything is operating perfectly before we say the job is done. We take pride in our work - just like you.

## FLOW OF RELIABILITY

Little Giant products are supported by standard limited warranties. For availability, warranty, and pricing, contact your local Little Giant sales representative or distributor.

## SUPERIOR TECHNICAL KNOW-HOW

Help is a phone call away. With decades of collective industry experience, our team is made up of real people, offering real answers, in real time.

For answers to your water systems questions, contact our technical support team by phone at **1-800-348-2420** or email at [techsupport@fele.com](mailto:techsupport@fele.com).

# UTILITY

**Unexpected water on the jobsite or in a basement?** Move it from point A to point B easily with a Little Giant utility pump. Designed for extreme portability and lightweight enough to keep on hand for unexpected jobs, these small but mighty pumps offer convenient and efficient temporary clear water removal from basements, crawlspaces, loading docks – just about anywhere water can make an uninvited appearance.

## TOP CONSIDERATIONS

- Temporary clear water removal
- Portable design goes where you need it

## 5 SERIES | UTILITY

NEW

MODEL	ITEM	HP
5 SERIES	505723	1/6 hp

- 1/6 hp
- Cast aluminum construction for impact resistance, cooling, and reduced weight
- Removable screen for easy cleaning
- Continuous-duty rated for application flexibility
- 1" discharge and 3/4" garden hose adapter
- 1/8" pumpdown with screen and 1/16" without screen keeps cleanup time to a minimum

Weighing just under 8 lbs and producing 1500 gph, the 5-Series utility pump is truly a Little Giant! The compact and robust 5-Series utility pump is rated for continuous duty - allowing for a wide range of applications and uses. Featuring six models, these fully submersible pumps are ideal for light commercial and multipurpose residential applications where water removal, transfer, or circulation is necessary.
