## MAGNA-BAR™ BOOSTS SHELF SPACE

Get tighter, crisper product facings and use space more efficiently with Magna-Bar. Compare it to shelving and other Pegboard® hardware to see how Magna-Bar can cure your hang-ups.

- Easy to install
- Merchandise items throughout your store
- Replaces shelves, lightweight hooks and pegs
- Increases sales/reduces labor
- Increases product presentation/impact
- Increases pack-out/expands facings
- Maximizes valuable display space
- Fits existing store fixtures
- Unmatched durability
- Short lead time/quick ROI

## MODULAR COMPONENTS

The Magna-Bar is the original ultimate peg display system. Unlike Pegboard displays, the Magna-Bar won't sag or tear out when it's heavily loaded. The tubular steel bar and heavy-duty, removable pegs and hooks provide rigid support for packaged goods.

The Magna-Bar with adjustable, universal mounting brackets easily fits into the slotted uprights found on all gondola fixtures and temperature controlled display cases.

- Accommodates a wide variety of package shapes and sizes
- Provides stability, uniformity and adaptability
- Requires low maintenance and upkeep
- Offers flexibility to create unique showcase displays
- Works extremely well in cooler or dry goods shelf locations

Standard Magna-Bar

Upscale Magna-Bar has preassembled brackets

## MAGNA-BAR™ PEGS & ACCESSORIES

The system has holes every 7/8" on-center to ensure a precise merchandising layout.

Openings on both sides of the bar maximize the weight bearing capacity and rigidity of longer pegs. Simply insert pegs through the bar and twist 90° to lock.

PEGS COME IN VARYING LENGTHS:  
10", 12" & 15"

### INSET PLASTIC ID CHANNELS

1" above and 1/2" behind peg tips.

### OFFSET PLASTIC ID CHANNELS

3/4" above and 2" in front of peg tips.

### STRAIGHT PLASTIC ID CHANNELS

Adjacent to pegs and 2" in front of tips.

### ALL ID CHANNELS

Accomodate 1-1/2" labels.

### CHANNEL CONNECTORS

Plastic inserts connect ID channels for additional length in horizontal displays.

### DESIGNED FOR DURABILITY

Built to last and proven to perform for 10+ years.

### INSET SCANNER PEGS

1" above and 1/2" behind tips.

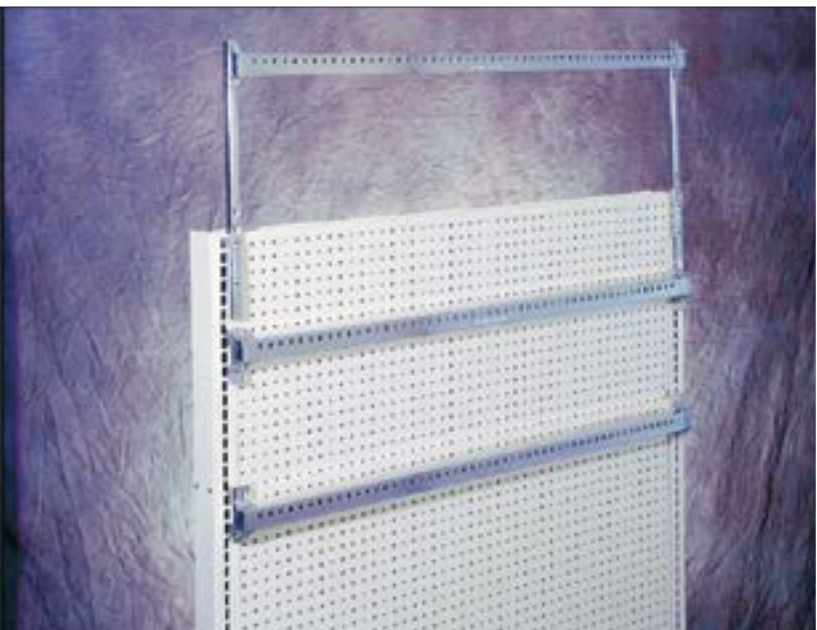

### OFFSET SCANNER PEGS

3/4" above and 2" in front of tips.

## MAGNA-BAR™ EXTENSION KITS FOUR PER CARTON

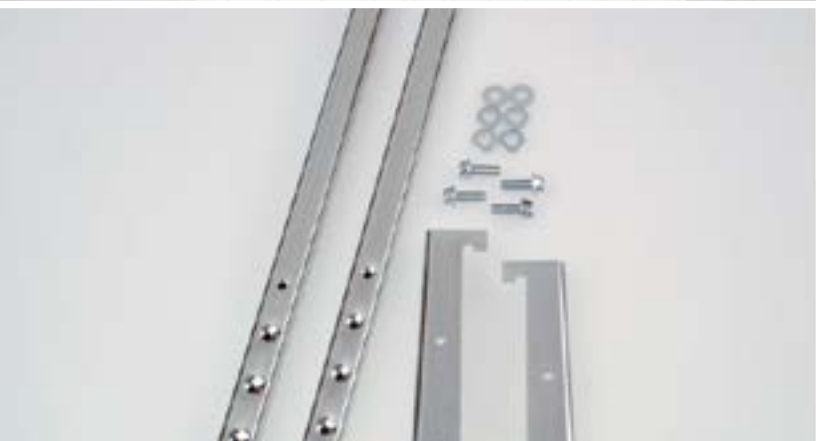

### VERTICAL EXTENSION KIT

Two different extension kits are available to elevate Magna-Bar above gondola fixtures. Kits have three sets of holes 13/16" apart. (One kit needed per bar)

### HORIZONTAL EXTENSION KIT

Create a cascading display and increase facings by installing a peg bar in front of longer items using a horizontal extension kit. (One kit needed per bar)

Retail space solutions can help you design and develop exceptional display solutions. We'll help you optimize your product placement and merchandising strategies. Collaborative or turnkey services available. With over 25 years in retail merchandising, we have an in-stock or custom solution for you!
