Freshness Extension: Engineered for Excellence

And the results are in... FreshPro Storage Containers paired with their respective FreshPro Seal Covers **double the shelf life** of stored ingredients compared to other storage methods, while increasing freshness extension and overall food quality. Added FreshPro Series Drain Shelves keep highly perishable ingredients fresher for **2 days longer**.

Seal Cover: 2x

Prevents oxygen exposure

Lifts ingredients out of their juices

Drain Shelf: 2 Days

Cost Savings Over A 5-Day Period

FreshPro Seal Covers

Operators can expect up to 50% cost savings by reducing spoilage frequency through doubling shelf life from 5 to 10 days.

FreshPro Drain Shelves

Operators can expect up to 29% cost savings by extending shelf life from 5 to 7 days for high-moisture produce like sliced tomatoes.

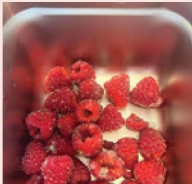

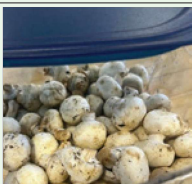

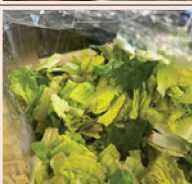

The FreshPro Series System

**By doubling freshness,
operators prep less,
waste less, and save MORE
without compromising on quality.**

The Science is Clear: You Win with Cambro
