

Stainless Steel Meat Saws

177EMBS65SS | 177EMBS94SS

Avantco stainless steel meat saws are designed with your convenience in mind. The saw blades have a cutting speed of 3,000 feet per minute, cutting quickly through even the toughest cuts of meat. For optimal results, use them to cut fresh meat and bones. A sturdy stainless steel construction makes these units perfect for long lasting use.

Model 177EMBS65SS

Enhanced Safety

- Blade tension knob for easy blade tightening / cleaning.
- Wheel control knob for access to the saw blade.
- Built with a safety shut-off switch and blade guard.
- Safety fence for additional protection from the blade.
- Pusher plate to guide meat to saw.

Simple, Efficient Use

To cut, simply put your product on the pusher plate and then slide it through using the handle to safely push your food through the blade. The pusher plate ensures that users don't have to handle items too close to the blade.

Durable and Easy to Clean

The full stainless steel chassis, head, and work table are easy to keep clean and maintain over time. It can even be wiped down at the end of the night to keep it clean or taken apart for a special deep cleaning.
