

Lincoln®

Introducing the NEW Lincoln Aperion 2424 Oven

Aperion which derives from the Greek word, Apeiron, meaning "Boundless" or "Unlimited" is a perfect description of Lincoln's revolutionary new impinger conveyor oven. Totally new, the Aperion is the first Lincoln oven to have independent top and bottom air flow which eliminates the need for unique finger configurations. Simply adjust the bottom and top air flow settings, and the oven responds immediately to optimize the culinary characteristics of any menu item!

Boundless Possibilities

- ▶ Independent Top and Bottom adjustable air flow makes the Aperion Lincoln's fastest cooking impingement conveyor oven shaving minutes off the cook time of traditional conveyor ovens!
- ▶ Infinite menu possibilities: pizza, open face sandwiches, cookies, Mexican food, and almost anything you can imagine!
- ▶ 24" wide belt with a 24" long bake chamber is 10% bigger than the largest competitive conveyor oven for more capacity!
- ▶ Countertop or free-standing provides more capacity in a smaller footprint
- ▶ 2-year full parts and labor warranty
- ▶ Electric, Electric Ventless and an industry exclusive, Natural Gas

A History of Success!

Lincoln, the pioneer of impinger technology and the leading brand of conveyor ovens since 1982, announces the next generation of high-speed, high-throughput cooking!

Lincoln®

The Easiest Oven you will ever use!

Easy to Operate

- ▶ easyTouch controls offer 20 pre-set recipes for one touch operation
- ▶ One touch ECO mode holds oven at set point temperature while minimizing energy consumption when oven is not cooking

Easy to Clean

- ▶ Industry exclusive hinged, front removable door allows for front removal of the conveyor and universal, 2-piece fingers make the Aperion the easiest to clean conveyor oven in the industry
- ▶ Stainless steel materials are durable and wipe clean

Easy to Maintain

- ▶ Backed by Lincoln's 40 year reliability and consistency of cooking, the Aperion is backed by a full 2-year warranty. Extensive testing of key components ensures many years of trouble-free performance.
- ▶ If the need arises, Lincoln has more than 1800 trained service technicians globally to keep your oven operating at its peak.
