Square Post = Stable Signs
No Twist or Wobble!

10X more contact between sign & post than with round post

Sign Sits Flat Against Square Post

Strong Plastic Post with Reinforcing Center Crossbars

The Power Post™ Advantage

- 60" or 72" square post, available in white and black
- Reinforced plastic square post is stronger and more stable than round
 - 15% greater wind resistance than round posts
 - 10 times more surface area contact between sign and post
 - no sign twisting on post, no post rotating in base
 - impact resistant post has reinforcing center crossbars
- Lightweight and will never rust
- Pre-drilled holes for multiple sign sizes

All Made in the U.S.A.

ROCK-IT™

Rock It Back & Roll

Two Sizes: 18"W & 24"W

- Durable, thick walled plastic bases in two sizes, 18" W and 24" W
 - won't chip, crack, or crumble like concrete
 - available in black
 - custom colors with minimum order quantity
- Square plastic Power Post™ makes attaching signs easy
 - two lengths: 60"L and 72"L
 - two post colors: white and black
 - lightweight and impact resistant
 - no sign twisting which can occur with round poles
 - will never rust or need painting
 - pre-drilled holes for multiple sign sizes
 - vinyl post cap and sign mounting hardware included
- Rock it back and roll
 - recessed wheels make stands easy to move when weighted
 - sturdy plastic wheels come pre-installed
- Withstands strong winds without tipping over
- Conveniently placed large fill hole and drain hole
- Lightweight plastic reduces shipping costs
- Made in the U.S.A.

Sign Sizing Guide

18: use with signs 24" x 24" or smaller
recommendation based on ballast of 125 lbs.

24: use with signs 26"W x 38"H or smaller
recommendation based on ballast of 200 lbs.
