

Ambassador

COLLECTION

Inspired by the birthplace of its design just outside Chicago, Ambassador professional servingware is the ideal choice for professional kitchens and buffets seeking both durability and style. More than cookware, the Ambassador allows for stylish serving with optional inserts - making changeout and replenishing easy & efficient.

Features:

- Insert capability allows your cookware to operate like a traditional chafer, without the bulk or waste - minimize food waste, maximize serving space, optimize changeout & replenishment, reduce storage space, and elevate your style
- FOREVER CHEMICAL FREE (No PFOS, PFOA, PTFE/Teflon)
- Stylish matte finish in either ivory or black
- Matching cover included, glass cover available (sold separately)
- Transfers and retains heat evenly without hot spots
- Safe for use with induction, electric, sterno, or stove top
- Antimicrobial brushed solid brass accents and breathable handles
- Use of nylon/wood utensils is recommended for warranty coverage

Limited Lifetime Warranty:

Spring USA offers a limited lifetime warranty on all lines of professional cookware, covering welds, non-maintenance items, and manufacturer defects on pan body or the affixing of cookware handles. Interior, non-stick pan coatings are covered for one year from the date of invoice.

DESIGNED FOR VERSATILITY

Designed by the trusted name in professional cookware & servingware, the Ambassador is cookware & chafing dish combined! Insert capability allows your cookware to operate like a traditional chafer, without the bulk or waste to minimize food waste, maximize serving space, optimize changeout or replenishment, reduce storage space, and elevate your style.

The elegant premium stainless steel, gold-accent inserts match the stated elegance of the collection while maintaining commercial durability.

4 QT insert (#370-90-28) for 7.4 QT dishes

2 QT insert (#371-90-28) for 4 QT dishes

CONSTRUCTED FOR DURABILITY

Featuring premium cast aluminum, brushed-brass accents, and a natural ceramic coating, the Ambassador provides a safe alternative to nonstick cookware while remaining lighter than cast iron.
