

BIG DIPPER®

AUTOMATIC GREASE TRAPS

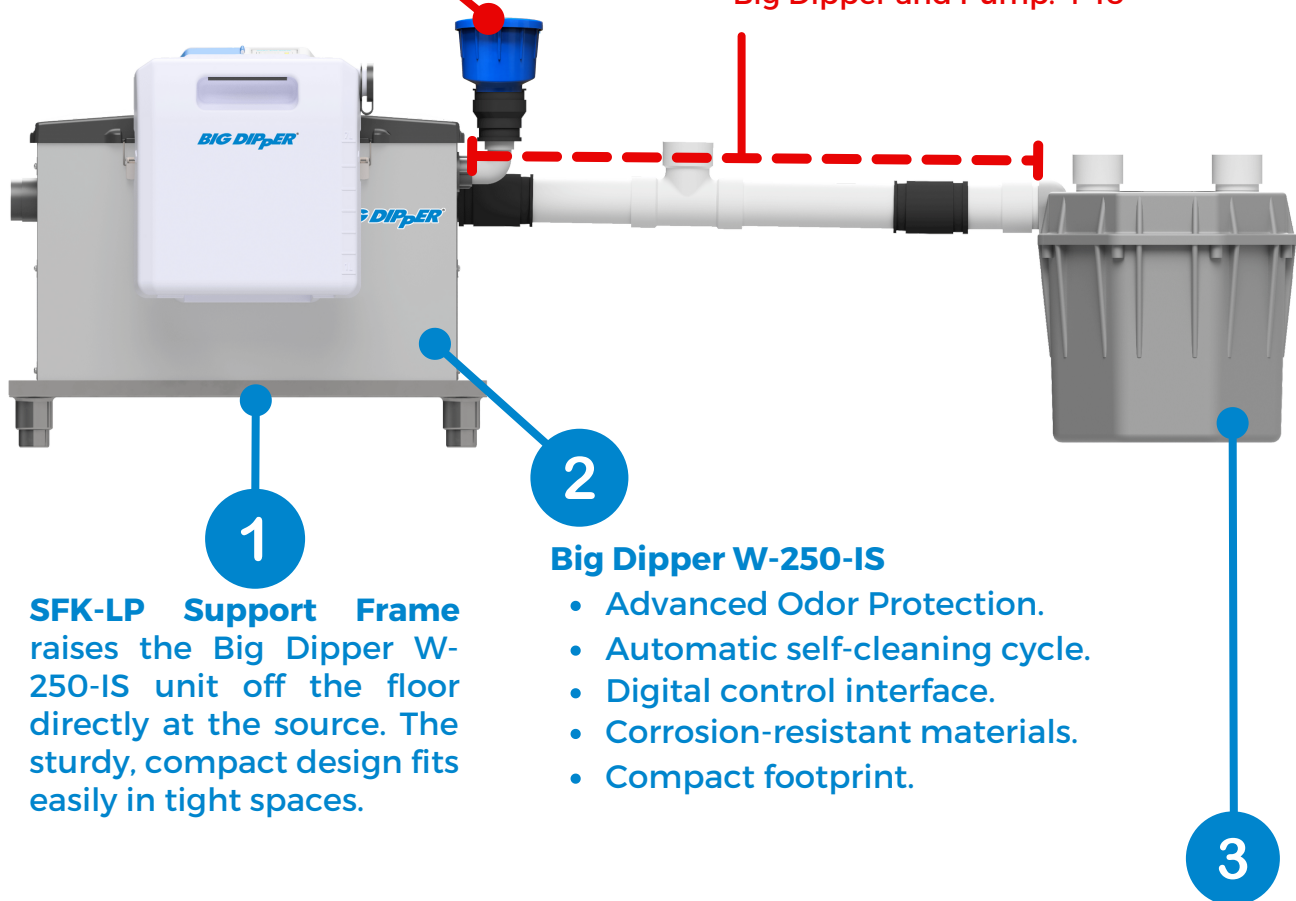

DRAIN PUMP KIT SKU# W-250-IS-DPK

The Big Dipper Drain Pump Kit is designed for commercial kitchen spaces where the sewer line is not readily accessible. The kit includes:

Big Dipper Active Carbon Filter Sold Separately

- Min. recommended space between Big Dipper and Pump: 2' 5"
- Max. recommended space between Big Dipper and Pump: 4' 10"

SFK-LP Support Frame raises the Big Dipper W-250-IS unit off the floor directly at the source. The sturdy, compact design fits easily in tight spaces.

Big Dipper W-250-IS

- Advanced Odor Protection.
- Automatic self-cleaning cycle.
- Digital control interface.
- Corrosion-resistant materials.
- Compact footprint.

LP-405 ½-HP drain pump by Liberty Pump handles water temperatures of 180° F & solids up to 3/8 in. Rated to ASME 112.3.4 and CSA B45.9 standards, this pump allows the W-250-IS to be set where easy access to a wastewater line is not possible. Max flow rate of 48 GPM and a shut-off head of 34 ft. Limited 3-year warranty provide by Liberty Pump.
