

Turn the Dial on Hand Sanitizing

No water. No soap. No problem.

Alcohol-based hand sanitizers can reduce the number of bacteria on hands¹

Dial® Detail

Strength Meets Convenience

It's no secret that in the food service industry, proper hand washing is critical to helping stop the spread of harmful bacteria. But what about areas where it is not practical to have handwashing stations? **That's where Dial® Antibacterial NSF E3 Certified foam and gel hand sanitizers can help.** With wall-mounted, floor stand and tabletop dispensers, Dial® offers convenient ways to sanitize when hand washing isn't available.

The Difference is Dial™

Turn the Dial on Safety

Dial® Antibacterial hand sanitizer kills 99.999% of harmful bacteria encountered in away-from-home settings without soap, water or paper towels. Whether you prefer foam or gel, our sanitizers are all dermatologist tested, hypoallergenic and fragrance free.
