### SmartColor Cleaning System

Our ergonomic cleaning products are available with color coded enhancements that help your employees easily organize both their equipment and workday. The results are improved performance, better sanitation and cleaner facilities.

**Prevents Cross-Contamination**

- Distinct color-coding makes it easy to separate tools into their correct areas of use. Restroom tools are kept in the restroom, kitchen tools are kept in the kitchen – reducing bacteria cross-contamination between high- and low-risk areas.

**Improves Training and Communication**

- SmartColor is an intuitive visual coding system, removing language and literacy barriers when training a diverse workforce.

**Elevates Employee Performance**

- SmartColor enhances the professional appearance of employees and increases their efficiency by organizing the cleaning process.

## Select Your Mop Handle

**EP24R/EP18R Ergo TelePole**  
 Convenient 2-section telescoping handle.  
 • Extends from 4'/1.2 m to 8'/2.5 m.  
 • 21 mm diameter.  
 • Adjusts to body height for proper cleaning position.  
 • Includes snap-in Taper/ACME cone adapter for attaching Unger cleaning tools.  
 • Lightweight, made of aluminum.  
 • Long handle allows for accessing higher places without a ladder.

**EZ25G SmartColor™ Tele-Pole 250**  
 Convenient 2-section telescoping handle.  
 • Extends from 4'/1.3 m to 8'/2.50 m.  
 • 21 mm diameter.  
 • Lightweight, made of aluminum.  
 • Includes snap-in Taper/ACME cone adapter for attaching Unger cleaning tools.  
 • Comes with SmartColor Decal Kit for color-coding.

**MS14G Mop Handle 140 KD**  
 Compact mop handle "knocked down" for shipping convenience.  
 • Complete 3-section assembly.  
 • 4'5"/1.4 m length.  
 • 23 mm diameter.  
 • Lightweight aluminum construction with ergonomic grip.
