- **GARDE**
 - Standard-duty
 - Normal-size cutting surfaces
 - Designed for normal, everyday use

- **GARDE XL**
 - Heavy-duty
 - Larger cutting surfaces
 - Designed for rigorous, everyday use

*All dicers can have their blades changed, but each blade must match the corresponding push block.

To preserve quality, these items should only be hand-washed and sanitized.

These items have been tested to consistently cut high volumes of cucumbers, celery, tomatoes, bell peppers, mushrooms, and onions.
