

DURABLE FOOD STORAGE FOR
ANY COMMERCIAL KITCHEN

Round Food Storage Containers

Prep, store, transfer, and serve.

Easily store ingredients or fully prepared food with Vigor round food storage containers. Ideal for sauces, soups, or immersion blender recipes, these containers can withstand a range of temperatures and guarantee the durability you need in your commercial kitchen.

Maximize Airflow

Proper airflow around the container allows for faster cool times. Ideal for mixing soups, sauces, or immersion blender recipes.

Reduced Waste

Round edges make removing contents easier, reducing waste and making cleanup a breeze.

Built-In Indicators

Capacity indicators and date/content labels allow for quick and easy inventory management.

Stackable

Stacking lugs allow you to maximize space by storing all your containers together.

Durable Handles

Wide handles allow for stable transportation when containers are full. In addition, the small holes in the handles allow for efficient water drainage and sanitary drying.

LISTED

Round Food Storage Containers

Polycarbonate

- Virtually unbreakable to guarantee longevity
- Clear material for highest visibility
- Highly resistant to food acids and oils
- -40° to 210° F temperature range

Polypropylene

- Better durability with affordability
- Translucent color with some visibility
- BPA-free and meets NSF standards
- -40° to 160° F temperature range

Polyethylene

- Most economical option
- White blocks more light, keeping food fresh
- BPA-free and meets NSF standards
- -40° to 160° F temperature range

Maximize Your Food Storage with Matching Vigor Lids

LIDS ARE AVAILABLE IN A VARIETY OF COLORS FOR COLOR-CODED SYSTEMS

BOLD GRADUATIONS
