

ANTI-JAM
STAINLESS
STEEL

Steam Table/Hotel Pans

Features & Benefits

Heavy-Duty Construction

- 22-gauge, 300-series stainless steel
- Built to resist dents and dings from the busiest kitchens

Efficient Design

- Indented corners allow for easy pouring
- Rounded bottom corners allow for easy scooping and cleaning
- Anti-jam design prevents pans from sticking together when stacked

Flattened Edges

- Edges are designed to lay tightly against the rim of the warmer
- Prevents loss of steam for energy savings and to help keep foods at safe temperatures
