WHY LENTILS?

TASTE & PERFORMANCE

- Cleaner taste, better color, and better emulsifying properties than protein sources used by competition (e.g., almond or oat milk)
- Use of Lentils is on the rise and expected to surge in the future due to their versatility

**MADE WITH
LENTIL PROTEIN**

ENVIRONMENTAL & FARMING SUSTAINABILITY

- Lentils are a zero-waste crop and have a low carbon and water footprint
- Lentils improve the physical properties of the soil by nitrogen fixation

FEATURES

Lightens, blends, froths, foams, and swirls like dairy.

Works in hot and cold applications
