

Electric Energy Star Floor Fryers

177EF40B | 177EF40C | 177EF40D | 177EF40E

A great choice for restaurants, bars, or high-volume applications, Avantco Energy Star electric fryers have all the features needed to prepare perfectly fried foods! Energy Star electric fryers are typically 14% more efficient than standard models, saving about 2,390 kWh and \$260 annually on utility bills.

VERSATILE FOR FRYING
A VARIETY OF FOODS

Model 177EF40B

177EF40C

MODEL #	VOLTAGE	PHASE	OIL CAPACITY
177EF40B	208V	1 Phase	40 lb.
177EF40C	208V	3 Phase	40 lb.
177EF40D	240V	1 Phase	40 lb.
177EF40E	240V	3 Phase	40 lb.

Energy Star Qualified

Energy Star electric fryers offer more efficient cooking times and higher production rates through advanced burner and heat exchanger designs.

Easy-to-Clean

The fryer's sloped bottom and drain pipe allow for quick, easy cleaning and maintenance.

Durable Construction

This unit features a stainless steel frypot, door, and backsplash, along with durable galvanized steel sides to stand up to the daily demands of your commercial kitchen.

Built-In Thermostat

The built-in thermostat reacts to varying load capacities and the intuitive mechanical control is easy to adjust. This ensures you are able to deep fry chicken wings, french fries, mozzarella sticks, or jalapeno poppers to golden perfection.

Gas Tube Floor Fryers

177FF40N | 177FF40L | 177FF50N
177FF50L | 177FF100N | 177FF100L

A great choice for restaurants, bars, or high-volume applications, Avantco Energy Star electric fryers have all the features needed to prepare perfectly fried foods! A series of tubes welded into the fry pot near the bottom of the vat house gas-fired burners which help evenly heat the oil. These versatile units are easy to use and clean, and they allow you to fry a wide variety of high-sediment foods.

VERSATILE FOR FRYING
A VARIETY OF FOODS

Model 177FF50N

177FF100L

MODEL #	POWER TYPE	BTU	OIL CAPACITY
177FF40N	Natural Gas	90,000 BTU	40 lb.
177FF40L	Liquid Propane	90,000 BTU	40 lb.
177FF50N	Natural Gas	120,000 BTU	50 lb.
177FF50L	Liquid Propane	120,000 BTU	50 lb.
177FF100N	Natural Gas	150,000 BTU	70-100lb.
177FF100L	Liquid Propane	150,000 BTU	70-100lb.

Easy-to-Use Milivolt Controls

An Invensys thermostat lets you adjust temperatures between 200-400 degrees Fahrenheit, so you'll be able to fry a variety of different foods to perfection every time.

Long-Lasting Warranty Protection

These Avantco fryers are backed by a 1 year parts and labor warranty. Check out the full warranty details in the Resources and Downloads section.

CONFORMS TO ANSI-Z83.11

Large Cold Zones

The large cold zone in the fry tank collects excess batter and crumbs and allows them to sink to the bottom of the tank for easy cleaning, extending the life of your oil.

Easy Mobility

With adjustable legs and 4 casters, you can choose which way to outfit your unit. This maneuverability makes it easy to clean the floor underneath your fryer to keep your kitchen safe and clean.

Gas Flat Bottom Floor Fryers

177FBF1824NG | 177FBF262NG
177FBF1824LP | 177FBF2624LP

With a durable stainless steel construction, these Avantco flat bottom fryers are ideal for bakeries, donut shops, cafes, farmers markets, and carnivals. Products are able to float freely as they cook, making it perfect for donuts, funnel cake, fish, and other batter items.

MAXIMIZED FRYING CAPACITY
FOR HIGH OUTOUT

Model 177FBF2424NG

177FBF1824NG

Ample Frying Capacity

Ideal for funnel cakes and donuts, the large oil capacity and increased frying area of these Avantco flat bottom floor fryers allow for a more efficient output of fried foods, which is especially ideal for big batches.

Intuitive Milivolt Controls

The thermostatic milivolt control, easily adjustable between 200-400 degrees Fahrenheit, allows you to keep oil at the perfect temperature.

MODEL #	POWER TYPE	BTU	OIL CAPACITY
177FBF1824NG	Natural Gas	90,000 BTU	110-125 lb.
177FBF1824LP	Liquid Propane	90,000 BTU	110-125 lb.
177FBF2624LP	Liquid Propane	120,000 BTU	150-170 lb.
177FBF2624NG	Natural Gas	120,000 BTU	150-170 lb.

Reversible Built-In Drip Tray

These units include a reversible built-in drip tray that not only drains oil, but also functions as a lid to cover the unit when not in use. This tray sits on an angle at the side of the fryer to give you a place to put freshly fried products. As the products cool, the excess oil drips onto the tray and drains back into the tank for hassle-free use.

Durable Construction

The stainless steel tank, door, front, top, ledge, and header, along with the galvanized steel side guards, provide ultimate durability and are resistant to rust. This ensures that you get the most use out of your fryer, while minimizing the time and money spent on repairs.
