

## Technical Support

For technical support, service, & calibration, please contact your local dealer where you purchased your CAS product. For support of any CAS product purchased online, please call us at (800) 223-4227 for a local authorized CAS Dealer near you.

## Product Brochures and Support Documents

Brochures and support documents are available on the product pages in the download tabs.

## Warranty

All CAS products that are covered under the original CAS warranty period will be repaired free of charge in the case of defects in material and/or workmanship.

Warranty repairs must be initiated through the dealer or reseller where you purchased your CAS product.
