

Model-Specific Compatibility Notes [08/18/2014]:

TR2RPT-2S-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2HPT-2S-2S: Used after 3/15/04 production date or shipping date.

TR2FPT-2S-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2S-2G: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HS-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-4HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HS-4HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2S-4HG: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-4HG: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HS-4HG: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2S-2HG/2HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-2HG/2HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HG-2HG/2HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2S-1G/1S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-1G/1S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HS-1G/1S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2S-1G/2HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-1G/2HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HS-1G/2HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2S-2HG/1S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-4HG-2HG/1S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-1G/2HS-2HG/1S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2G-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/2HS-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/1S-2S: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2G-2G: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/2HS-2G: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/1S-2G: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2G-4HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/2HS-4HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/1S-4HS: Option. Only used when smaller spacing than the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2G-4HG: Option. Only used when smaller spacing that the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/2HS-4HG: Option. Only used when smaller spacing that the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.

TR2RPT-2HG/1S-4HG: Option. Only used when smaller spacing that the standard 9 levels allow. Requires shelf standard kits (52" 912065) or 26" 912067 kit) sold separately.
