

Model-Specific Compatibility Notes [4/18/2017]:

TPP-93D-6: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-49F: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TPP-93D-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR1DT-2HS: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TWT-48: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-56H-PT: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-49: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TDD-3CT-S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TUC-67D-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-49F-2-G-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TUC-GAL-93: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TDD-2-S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR2RPT-2S-2S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-49FZ: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TS-53-4-G-4PT: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR2R-4HS: This option is available as of 1/31/12. The handle appearance is different than the original

handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TUC-GAL-48-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-56-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-60-24M-DS: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-23-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR1HPT-1S-1S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TUC-67D-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TWT-67D-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TUC-27D-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TM-52-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-56F: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-31-2-G-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TDD-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TPP-93D-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR1HRT89-1S-1S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR2F-2S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TWT-60D-4: This option is available as of 1/31/12. The handle appearance is different than the original

handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-48-12: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TS-49F-2-G-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TM-56F: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-48-08: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TUC-60G: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TBB-24-48: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-48-8M: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TPP-60D-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TBB-3-S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-31-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-35: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-48-12M-B: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TS-35: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-60-12: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-60-16D-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-17F-2: This option is available as of 1/31/12. The handle appearance is different than the original

handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TS-35F: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-56-2-G-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-49RL: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR1F-2HS: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TM-52: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TRCB-79: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TR-56F-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TWT-44D-2: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TDD-2CT-S: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TS-49F-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-23DT: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TRCB-50: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TSSU-36-12M-B: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TC-49: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

T-49F-4: This option is available as of 1/31/12. The handle appearance is different than the original handle. Replacing all recessed handles on this model make the doors uniform in appearance.

TS-53-4PT: This option is available as of 1/31/12. The handle appearance is different than the original

handle. Replacing all recessed handles on this model make the doors uniform in appearance.
