

879401 Model-Specific Compatibility Notes [7.8.24]	
Model	Notes
TBB-24-60G	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-3CT-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-2-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-3G	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TMC-49	Used after ser. no. 1-2957319 3/2/01 prod. Not interchangeable with 3" castors. The frame is different.
TMC-58-DS	Used after ser. no. 1-2957319 3/2/01 prod. Not interchangeable with 3" castors. The frame is different.
TDD-2	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-3G-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24-48	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-3-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24-GAL-48G-SD	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24-72G	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24-48G-SD	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-2CT-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-3	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TMC-58	Used after ser. no. 1-2957319 3/2/01 prod. Not interchangeable with 3" castors. The frame is different.

TBB-24-60	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24-72	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24GAL-60	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24GAL-72	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24GAL-48	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-2G	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-3CT	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-2-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24GAL-48G	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TMC-49-DS	Used after ser. no. 1-2957319 3/2/01 prod. Not interchangeable with 3" castors. The frame is different.
TBB-3	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-24-48G	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TBB-2	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TMC-34	Used after ser. no. 1-2957319 3/2/01 prod. Not interchangeable with 3" castors. The frame is different.
TBB-2G-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-2CT	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
TDD-3-S	Castor option used after 8/30/2010 (pcn #4616) coolers built before this date must use the framed castor option
