

Faucet Compatibility Notes

Updated **09/20/2023**

If you purchased this product before **09/18/2023**, the included faucet will not be compatible with any faucet replacement parts currently listed on this item's product page or "Need Parts & Accessories" banner.

Unfortunately, this old-style faucet has been discontinued and parts are no longer available. We recommend purchasing a new faucet.

If you purchased this item on or after **09/18/2023**, any faucets and faucet parts listed in the "Need Parts & Accessories" banner will be compatible with your unit.

All replacement parts that are not a part of the faucet are compatible, regardless of the unit purchase date.
