

FAUCET PARTS - EXPLODED VIEW

For Model: K-170

ADAPTERS WITH WASHERS

DIMENSIONS

IMPORTANT: Faucet-mounted eyewashes require two motions to operate (turn on water, pull knob to activate eyewash flow). Therefore, **Advance Tabco does not believe that these units meet the provisions of ANSI Z358.1-2004 as eyewash units.** These units are intended solely as supplemental units in addition to dedicated, plumbed eyewash equipment installed in the workplace.

Faucet-mounted eyewashes should be used with cold or warm water only. Use of hot water might cause scalding. Eyewash Faucets not to be used with Electronic Faucets.
