

99 DURAPAN™ Wash Machine & Water Heater Pan

Protects from Water Damage • Molded Fiberglass • 32" x 30" • Center Drain

Features

- Reinforced surface is strong enough to withstand the weight of a filled washer or water heater.
- Removable threshold permits easy washer positioning, placement or leveling.
- Center drain for placement directly over a 2" iron, PVC or ABS (Sch. 40) sanitary pipe.
- Can be secured to the sub-floor to prevent movement by washer vibration.
- Prevents washer from marring the floor surface.
- White semi-gloss finish is mold/mildew resistant and easy to clean.
- Installs easily.

Water damage can happen quickly...and just as quickly, it can become a very expensive clean-up and repair bill. There is effective "insurance" to protect against water damage from washer or water heater leaks...the Model 99 DURAPAN™.

This high strength, impact-resistant molded fiberglass pan features a 2 1/2" tall curb which holds water in check while it drains directly into a 2" sanitary waste drain. An IAPMO® Listed drain included.

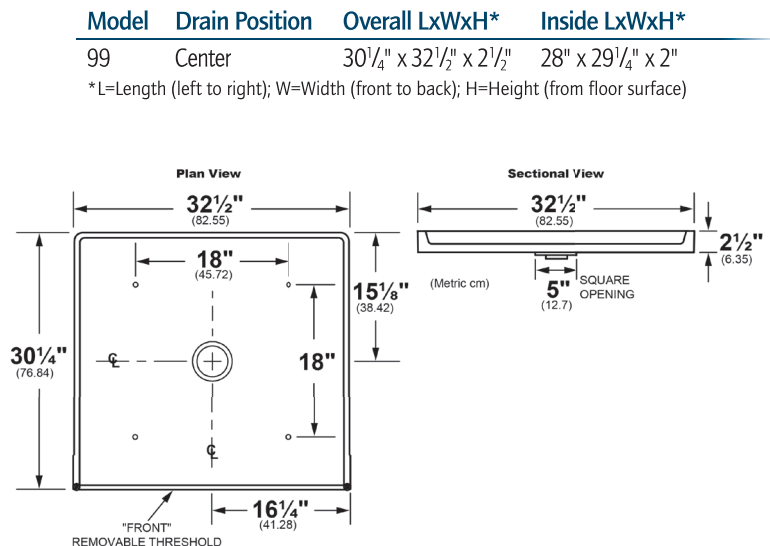

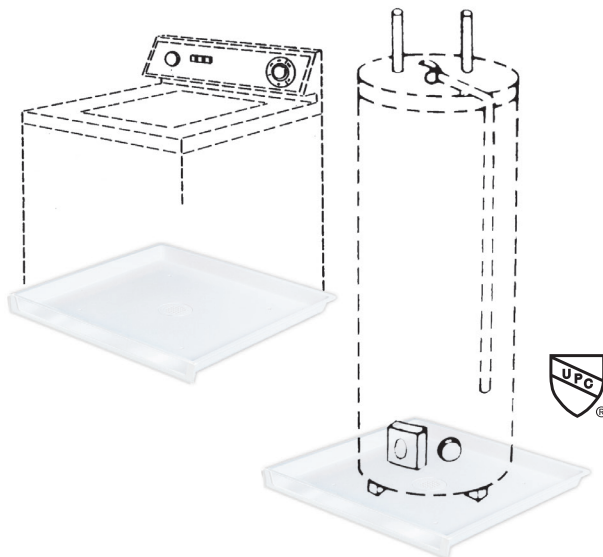

Install Model 99 DURAPAN™ protection for your washer & water heater, and buy yourself some invaluable peace-of-mind.
