

# Customizable Lamps

OPTIONS GUIDE

# Customizable Features

Versatile enough for almost any location, the range of lights are available with a selection of unlimited personalizing choices. In addition to food warming, lighting (Luminaire) configurations are available as well.

## 1. Voltage

Choose between a 120V heat lamp or a 120V unheated luminaire lamp.

## 2. Bulb Wattage

This unit offers both a 250W bulb wattage and a 375W bulb wattage.

## 3. Mounting

Select between 6 different mounting options for your specific requirements.

## 4. Switch

Choose between 3 different switch locations to ensure easy access.

## 5. Overall Length

The fully customizable length allows you to pick the exact size you need.

## 6. Cord Color

Equip your heat lamp with the choice of a black or white cord.

## 7. Shade

Offers 12 shade styles each with its own attractive blend of curves and angles.

## 8. Shade Color

Enhance your decor by picking from the 20 different available finishes.

## 9. Canopy Color

Pair your lamp shade with one of the 13 available canopy colors.

## 10. Accessory Bulbs

The 4 light bulb options equip your heat lamp for immediate use right out of the box.

## Plated Finishes

# Accessory Bulbs

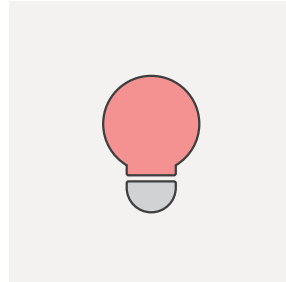

Choose between clear and red bulbs and coated and uncoated bulbs. While color does not impact heating performance in any way, red bulbs will cast a warm glow to enhance the appearance of food.

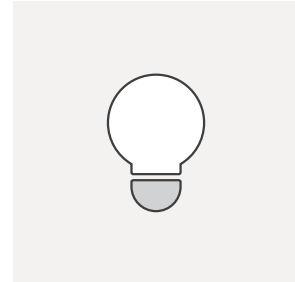

**Red Coated 250W**  
\$13.99 each

**White Coated 250W**  
\$9.49 each

**Red Uncoated 250W**  
\$5.49 each

**White Uncoated 250W**  
\$2.99 each

# Decorative Lamp Examples

Whether you need to brightly illuminate the front of the house or create a delicate warming station in the back of the house, this heat lamp allows you to create the perfect lamp for your specific needs.
