

# How to Use

Use one fabric sheet for a normal-sized load of laundry.

Separate sheet using perforation to help reduce the risk of blocking your dryer's vent.

Discard dryer sheet after using.

Keep out of reach of children and pets.

If product gets into eyes, flush with water.

If swallowed, drink plenty of water.

**Warning:** Not intended to be used on children's sleepwear or any garments specifically labeled as flame resistant as product may reduce flame resistance. Fabric softeners may increase fabric's flammability. Avoid use on extra-fluffy, cotton-based fabrics like fleece, flannel, and terrycloth.
