Jumbo Drum Faucet Assembly Instructions

WARNING: FAUCETS ARE NOT TO BE USED IN TEMPERATURES EXCEEDING 140°F (60°C).

Each Drum Faucet (model JDFT) is provided with three (3) different gaskets

Gasket #1 - Thickest
Gasket #2 -
Gasket #3 - Thinnest

The choice of which gasket to use on the faucet is dependent on the drum opening in use. There are three (3) closure systems as shown below:

VERSEGRIP®
Gasket #1

VGII™
Gasket #2

TITEGRIP™
Gasket #3
