LAKESIDE

MOTORIZED CART

The current labor shortage is one of our biggest challenges in the foodservice industry. Making work easier and more efficient, not to mention making it safer, is a great way to attract and retain staff. Motorized carts can help.

Safety

Reduce operator fatigue and strain. Easily maneuver up to 1000 pounds with a single operator.

Efficiency

Transport more supplies across a property or space with less staff members.

Design

Innovative designs executed with best manufacturing practices lead to long-lasting equipment.
