

PROTECT YOUR DEVICES FROM DAMAGING LEAKS

Even as battery technology has evolved, battery leaks are still a problem today. Many brands of batteries can still corrode and damage devices after being fully used. *Energizer Industrial*® is different. Our batteries are designed to prevent damaging leaks, or we will replace your industrial and professional devices.

In the field, the office, the medical center, the construction site and anywhere else you need dependable battery power, you can feel confident knowing you have the long-lasting power and protection you'd expect from *Energizer Industrial*®.

***Energizer Industrial*® No Leaks. Guaranteed.** Energizer will repair or replace, at our option, any device damaged by leakage from *Energizer Industrial*® Alkaline batteries either during the life of the battery or within two years following the full use of the battery. If exact replacement is not available, devices may be replaced with a product of comparable market value at the time of claim. Leaking battery and damaged device must be provided to Energizer as proof of claim. Energizer reserves the right to deny claims of damage caused by misuse or modification of the batteries or device. If you have a leaking battery, contact 1-800-383-7323 for return instructions.

***Energizer Industrial*® Lithium** batteries are GUARANTEED NOT TO LEAK under normal consumer usage due to advanced technology. If you believe that you have a leaking *Energizer Industrial*® Lithium battery, contact 1-800-383-7323 for return.
