

Poldina

Poldina Pro

The original Poldina has often been imitated, but never equaled. Poldina has redefined the cordless lamp since its introduction in 2018, elevating indoor and outdoor spaces with style and light. In this catalog we offer many new finishes. Features include touch-dimming control and 3-CCT color temperature selection for 2200K (candle light), 2700K (warm white), and 3000K (cool white). The integrated LED module is designed and engineered to produce controlled downlight and a gentle uplight glow.

the Zafferano Tableware Collection

Poldina Pro Lido

NEW

The Poldina Lido combines our modern cordless lamp with the timeless craftsmanship of Italian ceramics. The partnership with a long-established factory in Civita Castellana—a village near Rome, where the art of ceramics has been practiced since the 10th century BC—allows Zafferano to offer products which are made exclusively in Italy by hand.
